

SCIENTIFIC PROGRAMS CONGRESS

27/7/2025

TIME	SESSION TITLE	SPEAKER
Hall Garnet		
8:15 – 9:00	Orthodontic Managements for Chin Projection and Height in Class III Malocclusion	Prof. Eric JW Liou
9:00 – 9:45	TADs Biomechanics and Invisible Orthodontic Treatments	Prof. Vittorio Cacciafesta
9:45 – 10:30	Extraction site minisrews: The Key to a Perfect Smile?	A.Prof. Pham Nhu Hai, DDS, PhD
10:30 – 11:00	Teabreak	
11:00 – 11:45	Maxillary Protraction of Class III Patients with TADs	Prof. Peter Wing Hong Ngan
11:45 – 12:30	Correction of Midline Deviation and Asymmetric Occlusion: TAD Supported Pushing Force	Prof. Ju-Young Lee
12:30 – 13:45	Lunch break	
13:45 – 14:30	Total Arch Intrusion for Vertical Control: Advancing Facial Aesthetics and Oral Health	Prof. Yoon Jeong Choi
14:30 – 15:15	The BAT Technique – Optimal Aligner & TAD Combinations for Aesthetic and Effective Orthodontic Treatments	Prof. Benedict Wilmes
15:15 – 15:45	Teabreak	
15:45 – 16:30	The BAT Technique – Optimal Aligner & TAD Combinations for Aesthetic and Effective Orthodontic Treatments	Prof. Benedict Wilmes
Hall On		
8:15 – 9:00	Current Evidence and Biomechanics Based Concepts Related to Open Bite Correction with TADs	Prof. Ravindra Nanda
9:00 – 9:45	Interdisciplinary Orthodontic Treatment with SERAFIN Clear Aligner	Prof. Chang Won – Gun
9:45 – 10:30	Teabreak	
10:30 – 11:00	Avoid surgical treatment for severe skeletal class III using GEAW and miniscrew	Cu Hoang Anh, DDS, PhD
11:00 – 11:45	ATOZ Maxillary Skeletal Expander Generates 12kgf of Continuous Force to Distract the MPS and CMS with Minimal Rotation	Prof. Seong-Hun Kim
11:45 – 12:30	The ball abutment: a new miniscrew connection for a new type of appliances or to optimize the head of your miniscrew for your patient in 2025?	Dr. Stephane Renger
12:30 – 13:45	Lunch break	
13:45 – 14:30	Early Treatment Strategy for Effective Space Control in Growing Patients with Congenital Missing Tooth	Prof. Jung Yul Cha
14:30 – 15:15	Skeletal Class III Malocclusion Treatment: Challenges and Solution	Nguyen Thi Bich Ngoc, DDS, PhD
15:15 – 15:45	Teabreak	
15:45 – 16:30	Dentofacial Orthopedics for Class III Malocclusion of All Ages	Prof. Chooryung J. Chung
